

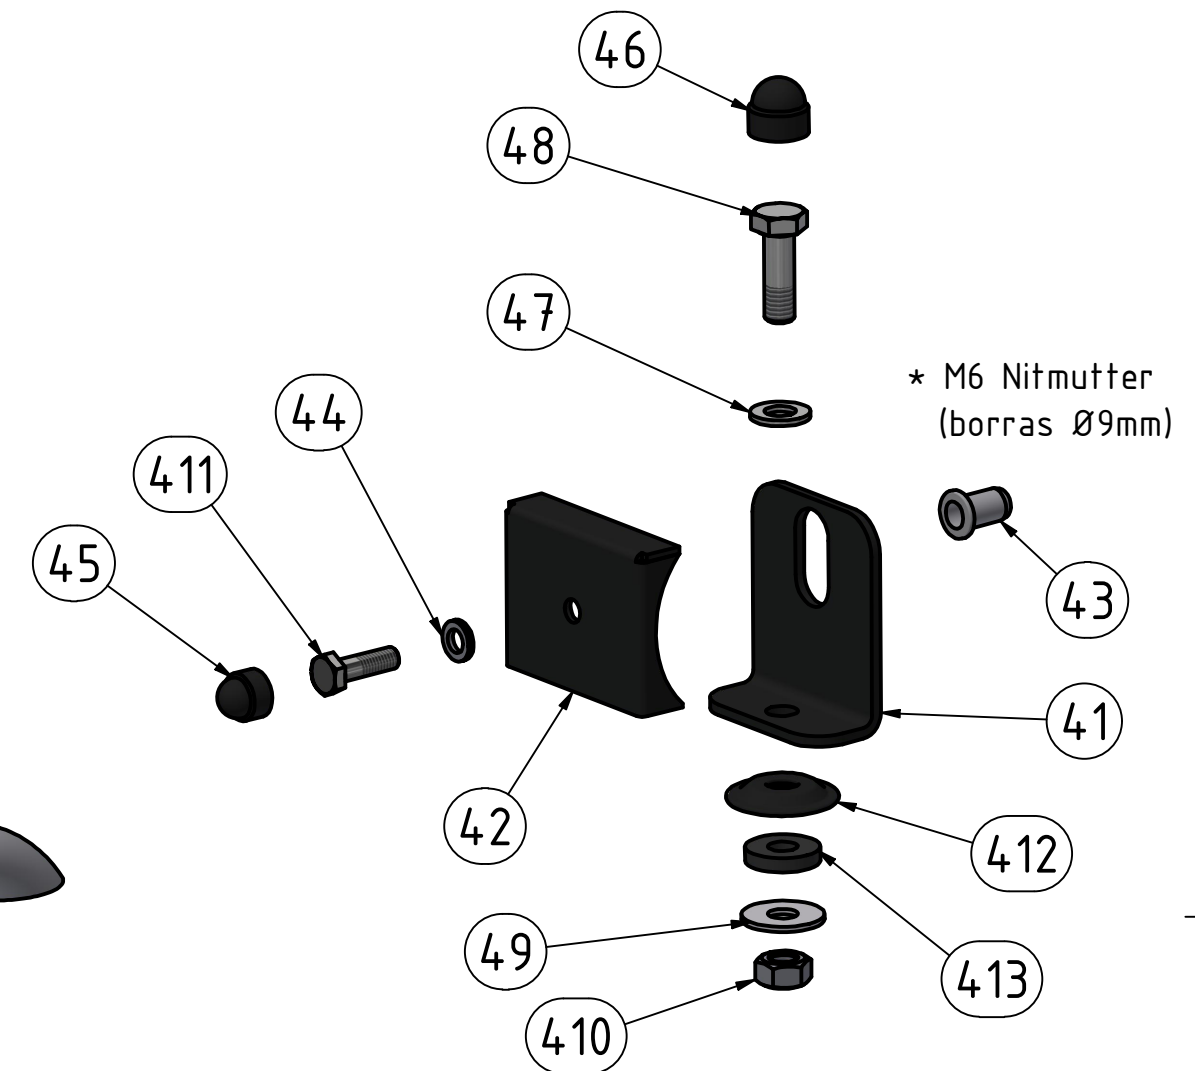

Diagram illustrating the assembly of a bicycle handlebar component. The main handlebar is shown with various mounting points and components labeled with circled numbers:

- 2**: Points to a small black component (likely a cap or pin) near the center of the handlebar.
- 3**: Points to a black bracket or clamp component located below the handlebar.
- 4**: Points to a small black pin or screw component located below the handlebar.
- 5**: Points to a small black pin or screw component located below the handlebar.
